STRUCTURAL SOLUTIONS FOR **INDUSTRIAL, COMMERCIAL AND INFRASTRUCTURE PROJECTS**

RADIANTBUILDSYSTEMS.COM

WHO WE ARE

Building Structures. Building Confidence.

Radiant Build Systems is an engineering and structural solutions company specializing in Pre-Engineered Buildings (PEB), structural steel and heavy engineering fabrication.

With over **12 years of industry experience,** we bring a deep understanding of structural engineering, fabrication and project execution across industrial, commercial and infrastructure applications.

RADIANT AT A GLANCE

20+

PROJECTS COMPLETED

21,000 MT

STEEL HANDLED

1,800 MT

MANUFACTURING CAPACITY

15,000 SQ.FT.

FACILITY

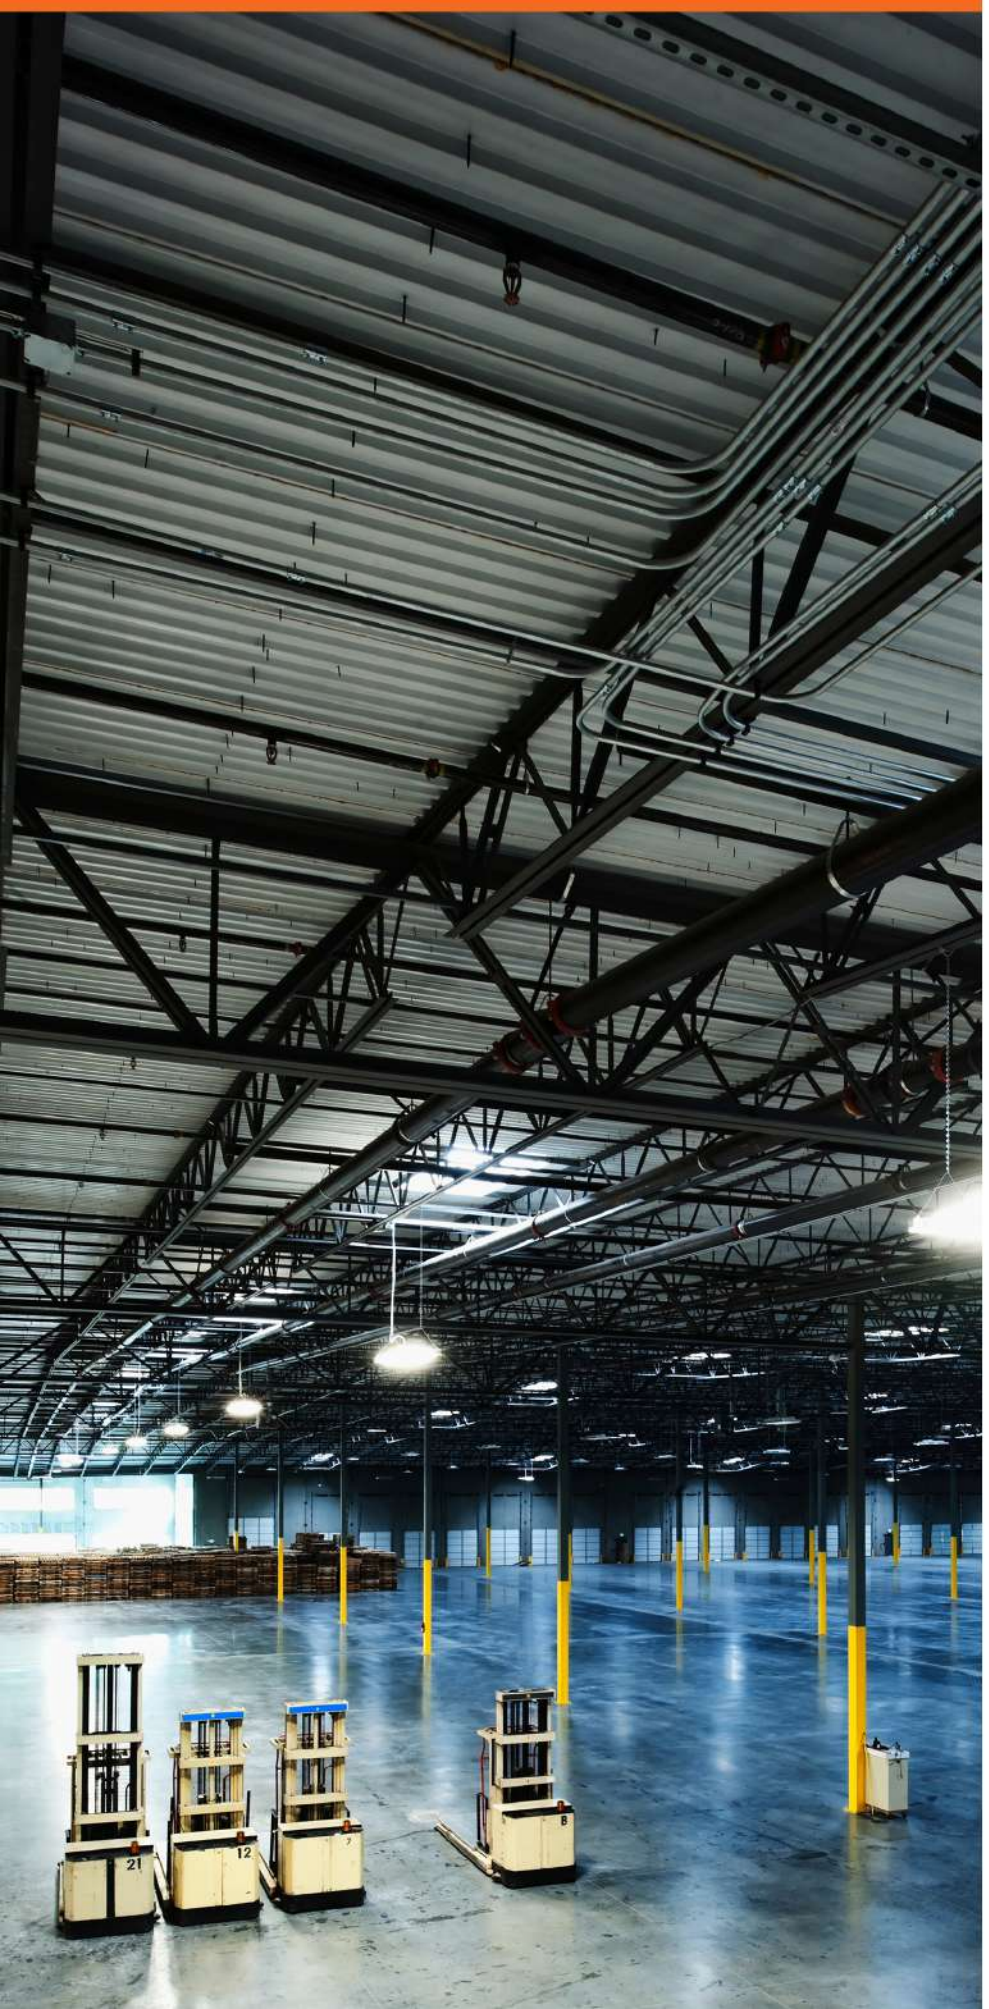

INDIA'S GROWTH.
OUR ENGINEERING.

WHAT WE DO

Structural Solutions. From Steel To Structure.

Radiant delivers structural and fabrication solutions across three core areas.

01 PRE-ENGINEERED BUILDINGS

Industrial, Commercial, Warehousing, Cold Storages & Conventional Halls.

02 STRUCTURAL STEEL

Fabricated steel structures for industrial, commercial and infrastructure applications.

03 HEAVY ENGINEERING FABRICATION

Heavy and specialised steel fabrication for project-specific requirements.

ENGINEERED FOR PERFORMANCE

We specialize in PEB Accessories

Radiant delivers structural and fabrication solutions across three core areas.

01

ROOFING & CLADDING

- Roofing Sheets
- Wall Cladding Sheets
- Flashings
- Foam Closures
- Decking Sheets – Available Profiles
- Skylights
- Sandwich / PUF Panels

02

STRUCTURAL COMPONENTS

- C & Z Purlins
- Rafters
- Girt Channels
- Bracing Systems
- Roof Trusses
- Structural Beams & Columns
- Brace Rods

03

VENTILATION

- Turbo Ventilators
- Ridge Ventilators
- Power Exhaust
- Turbo Fans with Base
- Roof Fans

04

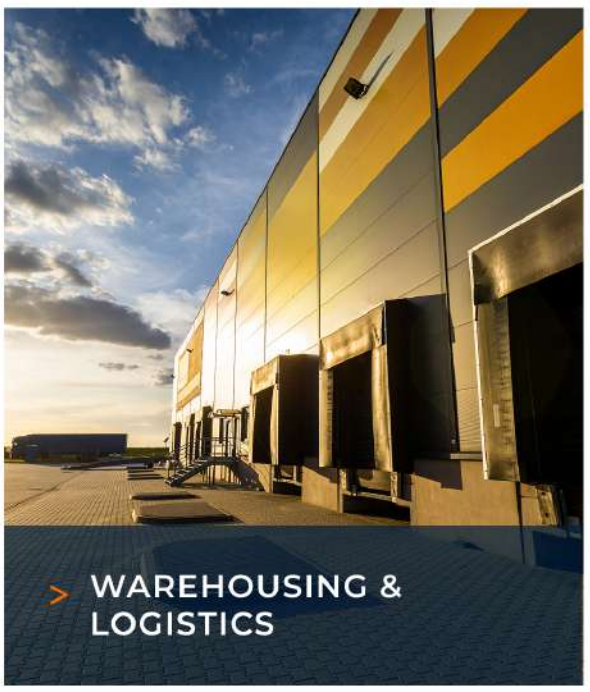

CONNECTIONS & FIXINGS

- Base Plates
- Anchor Bolts
- Cleats & Connections
- Self-Drilling Screws
- Sag Rods & Tie Rods

APPLICATIONS

Structures For Every Industry

PEB solutions across diverse industrial, commercial and infrastructure applications.

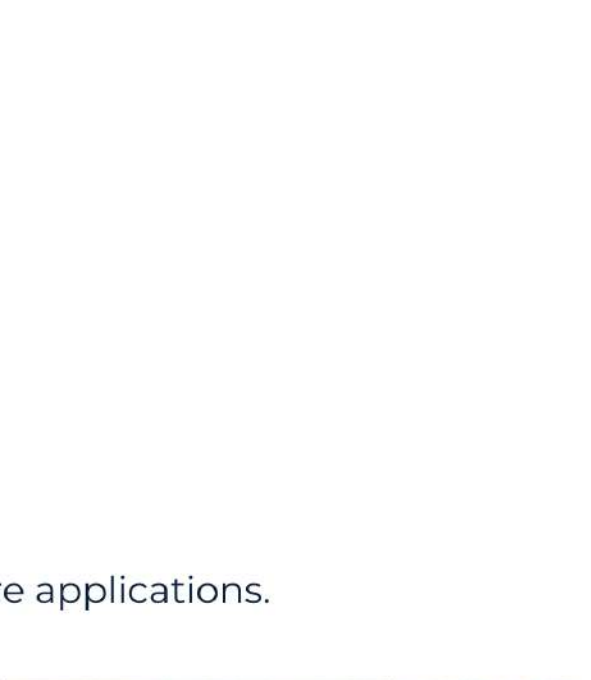

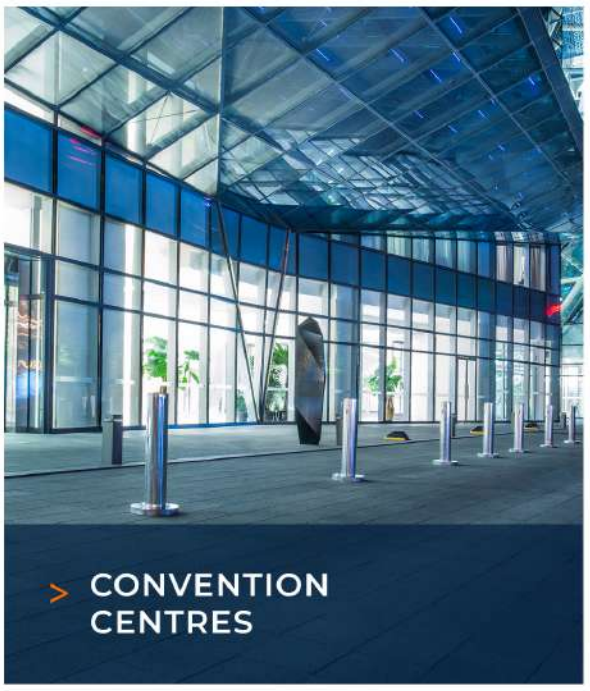

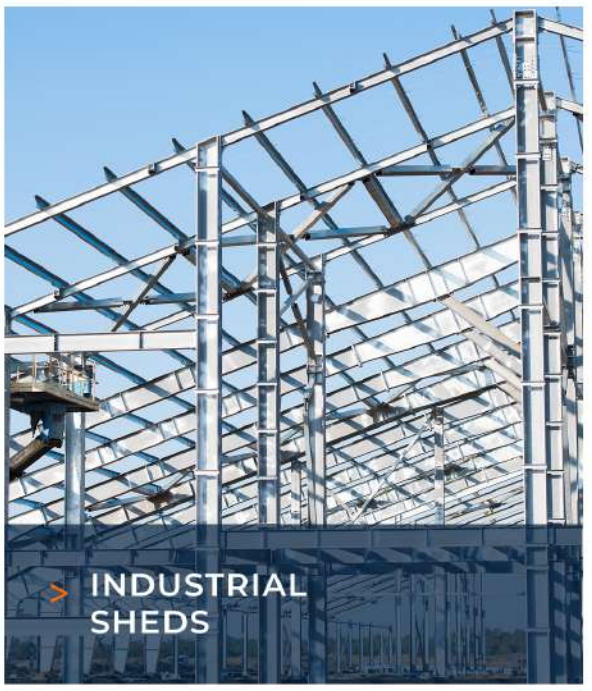

WHY RADIANT

We Are Committed To Our Projects

PRECISION ENGINEERING

Controlled fabrication developed around the exact project requirements. Our approach ensures every component meets structural performance standards.

QUALITY

Inspection and quality control throughout design & project execution. We identify and address issues at each stage rather than relying on final checks.

RELIABILITY

Planned production and disciplined material supply & project delivery. Documentation and discipline support dependable project execution.

ACCOUNTABILITY

Clear communication and project visibility with all stakeholders. We believe customers should have visibility into every milestone.

OUR SELECTED PROJECTS

Experience In Structures

NMDC BELLARY STEEL PLANT

Fabrication, Supply, And Erection Of Heavy Structural Steelwork
For Processing Plant Units.

GMR AIRPORTS & HIGHWAYS INFRASTRUCTURE

Design, Fabrication, And Installation Of Airport Terminal
Structural Framing And Highway Sign Gantries.

AMARA RAJA BATTERIES MANUFACTURING FACILITY

Structural Steel Fabrication, PEB (Pre-Engineered Building)
Framing, And Roof/Wall Cladding Installation.

MMTS HYDERABAD FOOT OVER BRIDGES

Fabrication And Erection Of Structural Steel Foot Over Bridges,
Staircases, And Handrails Across Railway Tracks.

PENNAR SOLAR INFRASTRUCTURE

Fabrication And Supply Of Steel Structure
For Solar Column Posts.

JSW PLANT INFRASTRUCTURE

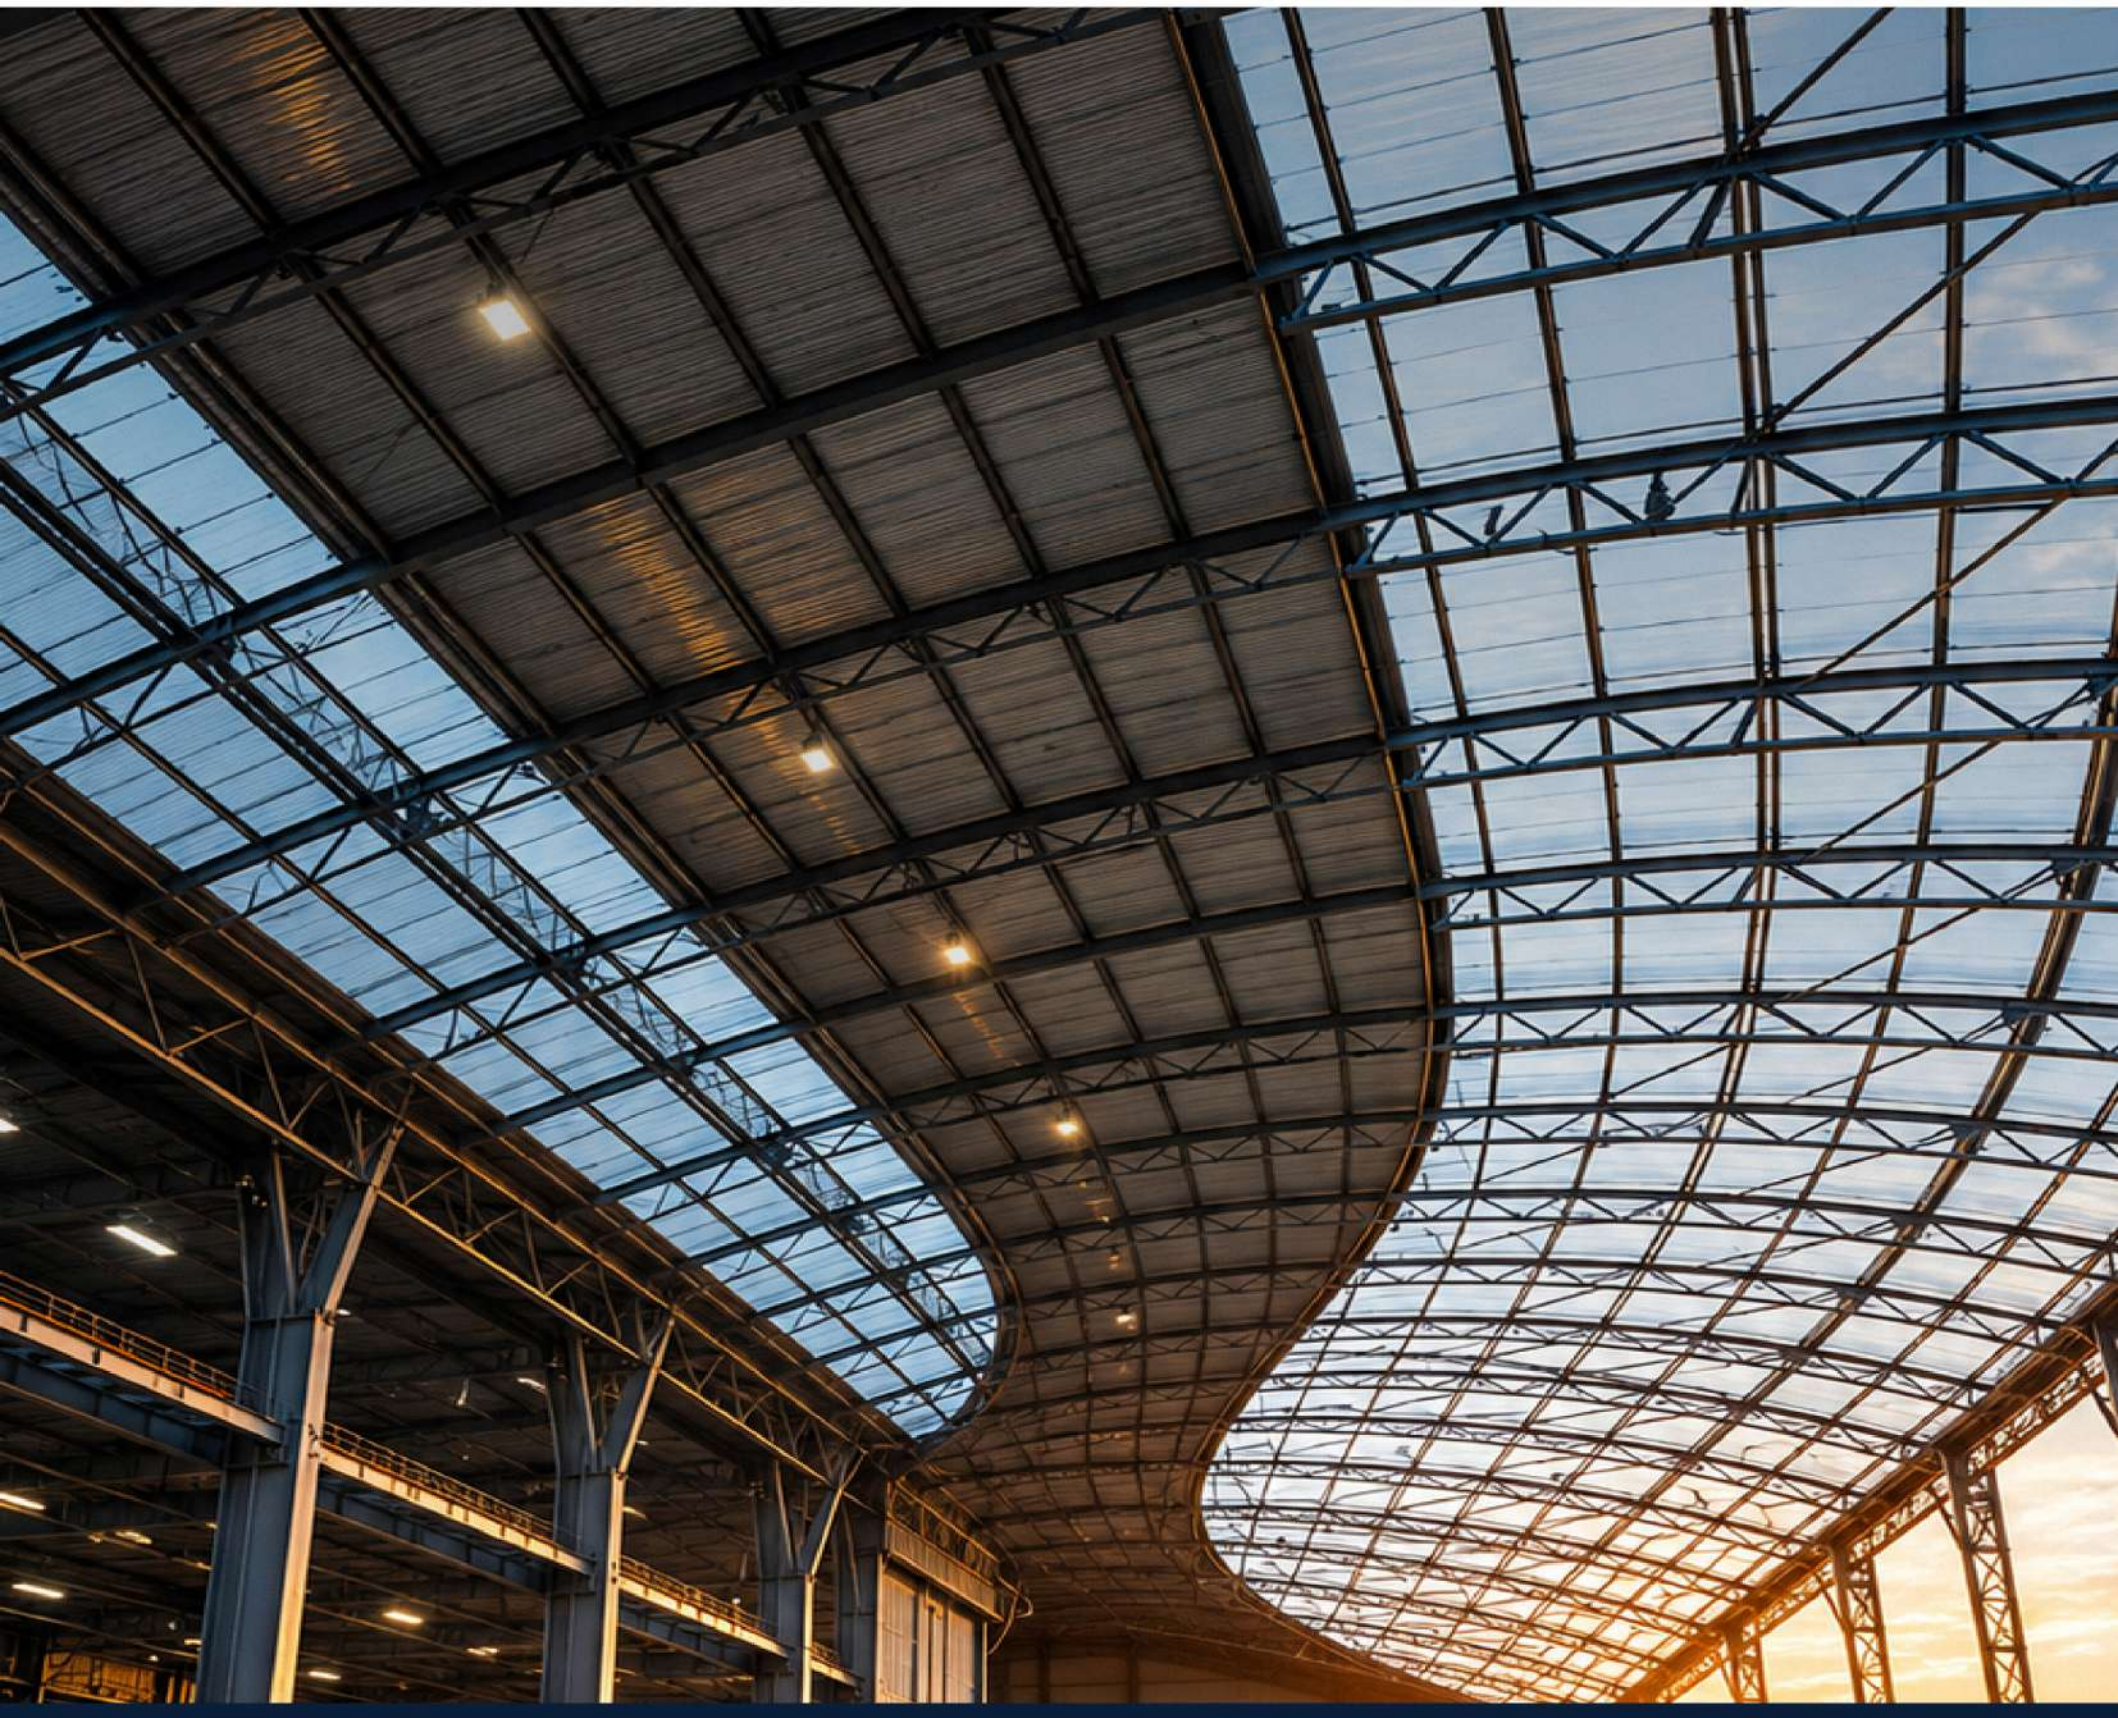

Fabrication, Supply, And Erection Of Heavy Structural Steelwork
For Processing Plant Units

20+ PROJECTS COMPLETED

Structural and fabrication projects across industrial, infrastructure and commercial applications.

The above are only selected organizations associated with our industry experience.
